## Activities Among Memphis Negroes

BY REV. T. O. FULLER.

The president of the United States is back again to the delight of all true citizens. Those who differ from him must acknowledge his great ability and superb statesmanship. Constructive statesmen are usually in advance of their time and are seldom fully understood and rightly appreciated. President Wilson's place in American history is securely fixed.

"Mrs." Pearl Cook gave the summer school pupils a fine demonstration on drafting patterns Thursday morning. She is a real artist.

Rev. J. F. Clark, of Brinkley, Ark., has been called to the pastorate of a church at Pine Bluff, Ark., and will be formally installed on the fourth Sunday in July.

Many of our readers who are off on their vacation are having this paper sent to them so as to keep posted on what is being done among their people in Memphis. This is a splendid idea.

A "Bible Tableau Scene" will be given for the benefit of Warner Temple A. M. C. Zion church, Monday night at the residence of Mrs. Stella Barrett, 323 South Orleans street. The public is invited.

Dr. Ionia Whipper spoke to the teachers at the summer school Thursday afternoon on sex education. Much interest was manifested in her lecture.

Howe Normal teachers are planning to visit the zoo on Tuesday morning.

Children in the neighborhood of Howe Institute will be given a treat in the form of flash pictures and music on the campus of the institution Friday night, July 11. Carpenters have made the platform for the picture machine. The city recreation commission is fostering the entertainment through William N. Jones.

The operetta, "Snow White and Seven Dwarfs," will be presented at the Metropolitan Baptist church Monday night, under the auspices of the Rose Bird circle. One hundred children will take part.

Prof. Wharton S. Jones, superintendent of the city public schools, gave an exceedingly fine address on "Arithmetic" at the summer school, Thursday morning. This was his masterpiece and the teachers forgot the heat and were anxious for him to continue when his hour was up. Those who heard it were very fortunate, and those who missed it suffered loss.

Prof. R. P. Bailey took the law examination Thursday as did T. W. Marshall, W. H. Williams and C. D. Stafford.

The state E. Y. P. U. and Sunday school convention will convene at Jackson, Tenn., July 12-13, at the First Baptist church, of which Rev. J. H. Taylor is pastor. The executive board of the Baptist state convention will meet at the same place. Vital matters pertaining to the educational work will be considered.

The Supreme Royal Circle of Friends of the World will hold its session in Chicago Sept. 2, at the Olivet Baptist church, of which Rev. J. K. Williams is pastor. Dr. R. A. Williams, of Helena, Ark., is the supreme president, and Dr. D. J. Thomas, of Memphis, is president of the Tennessee jurisdiction.

When you have helped to reclaim and steady a delinquent girl no one can tell the number of lives and characters you have safeguarded. Take time for the forenoon. Help us with the industrial home proposition.

The highland terrapin is so selfish that he keeps his head and feet concealed until he is ready to go after something for himself. Are there any human terrapins? Smile!

Friends of James E. Washington congratulated him Thursday night at St. Andrew's A. M. E. church, the occasion being the anniversary of the founding of his splendid paper, the Western World Reporter.

There are too many lightweights in heavyweight positions. Watch! There is danger of a knockout.

The Premier Amusement company under the direction of Walter T. Seacry, is rapidly taking tangible shape. A strong organization is developing.

## GRAND JURY TO GO FOR JACKSON PROFITEERS

JACKSON, Miss., July 11. (Sp.)—Basing the action on reports of additional conspiracies in Jackson in restraint of trade and to increase prices, Judge W. V. Potter has ordered the Hinds county grand jury to reconvene next Monday and a thorough investigation of the reports will be made. The convening again of the grand jury has caused considerable surprise in business circles, and one report is current that "a back fire" was built after the retail druggists and ice manufacturers were indicted about two weeks ago; that these parties, while not furnishing any evidence of trade conspiracies, have let drop some hints that were quickly seized upon by J. H. Howell, district attorney, who asked Judge Potter that the grand jury go fully into the matter and ascertain why the cost of living is so high in Jackson.

## UNCOVER BIG HUN PLOT TO STEAL U. S. SUPPLIES

COBLENZ, July 11. (By the Associated Press.)—A plot involving wholesale thefts of food, clothing, tires and other troop supplies for shipment to Germany has been uncovered by army officers here. It has been learned that several Germans who are alleged to have had a hand in the plans were arrested.

Three cars of American bacon and three cars of tires and tubes, which were billed through the unoccupied Germany as supplies, were returned to Coblenz today from the edge of the bridgehead. Officers say shipments of various pretexts have been going on for weeks, and possibly months, and they estimate the loss to the army at several million marks.

## MISSISSIPPI IS AFTER LOCAL ICE MAKERS

JACKSON, Miss., July 11. (Sp.)—Spurred to action by the Hinds county grand jury that indicted the ice manufacturers and retail druggists in Jackson on the charge of violating the anti-trust laws, circuit judges in other parts of the state are now urging grand juries to make thorough investigations to ascertain if price-fixing agreements have been entered into or trade combinations formed by retail dealers. It is known that in at least five other places in Mississippi grand juries are now investigating the subject, and it is probable that indictments will follow. The charges preferred against ice manufacturers and retail druggists in Jackson will be called for trial in the Hinds county circuit court next Monday morning. About 20 witnesses have been summoned. It is understood that the individuals and corporations indicted will not only deny the existence of price-fixing agreements, but will also introduce testimony showing that prices being charged are not only reasonable, but somewhat lower than those charged for similar articles in many other places.

## ARMY-NAVY RECRUITS ARE COMING IN FAST

JACKSON, Miss., July 11. (Sp.)—Recruiting stations here for all three branches of the fighting forces—army, navy and marines—report enlistments brisk and up to expectations. Upward of 25 men have been enlisted in the army this month, while a half dozen have entered the navy. The marine station, the only one in Mississippi, has enlisted very few, although more than a dozen have been examined. The officer in charge hasn't been able to find many Mississippians who are able to reach the strict physical standard. Among those recently to enlist in the navy are Luther A. Davis, Wiggins, Roy E. Tingle, Ullrich, and Sylvester Madden, Jackson. Most of those registering are doing so because they seek a life of a fighting man, officers say. The army station here has a staff of about 30 men, and enlistments by its nine substations in June totaled more than 70.

## PARIS HOTEL HELP VOTES TO GO OUT ON STRIKE

PARIS, July 11.—Restaurant, hotel and cafe waiters, cooks and other employees have voted to strike, beginning this morning, and declare the strike will continue throughout the celebration of Peace day and Bastille day if their claims are not immediately satisfied. They demand full application of the eight-hour day, a weekly day off and a substitution of a percentage of receipts for tips. The transportation federation has decided to strike on July 21. If the instructions of the federation are carried out Paris will be without subway service, street cars, auto-buses and taxicabs.

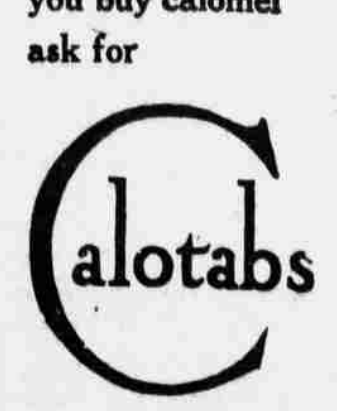

## ROME AGAIN ORDERLY AFTER RECENT RIOTS

ROME, July 11.—Precautionary military measures still continue in force in this city, but order has been virtually established everywhere. Many shops are still closed, but the people are resuming work after the recent disorders. Premier Nitti and Foreign Minister Tittoni held a most important meeting at the foreign office with leaders of the various political parties yesterday. The attitude of the foreign minister at the peace conference relative to Italian aspirations was the matter under discussion. It is feeling here that Signor Tittoni will need the support of all parties to master the situation.

## BRAZIL THANKS U. S.

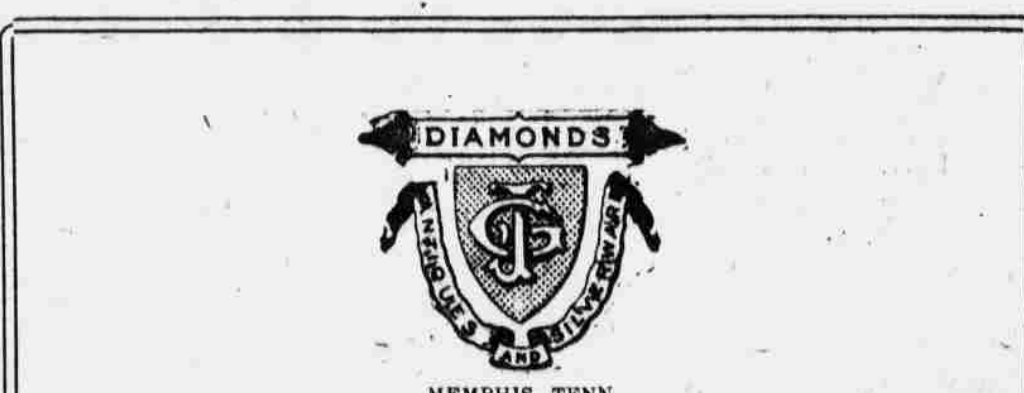

RIO JANEIRO, July 11.—Congress has approved a resolution that the Brazilian government should telegraph its thanks to the government and congress of the United States for the reception given in that country to Dr. Epitacio Pessoa, the Brazilian president-elect, during his visit there.
